

CHOICE Cabinet

Elegant. Affordable.™

CHOICE ESSENTIALS®

Product Guide

Elegant. Affordable.™

Beautifully simple, refined, and priced to impress. The Choice Essentials® line offers the same quality construction that you would expect from Choice Cabinet, and at a great price point. Design a sleek and bright living space with Summit, create a dramatic statement with Brentwood, or combine the two to establish a bold contemporary look.

The standard overlay door is comprised of the finest hardwoods as well as a mortise and tenon construction. Our cabinets are built from furniture-grade plywood to provide strength and durability. The Choice Essentials® line is perfect for those looking for great style without hurting the budget.

Our Choice Essentials® line is perfect for those who are:

- First-time homebuyers
- Commercial developers
- Investment property owners

Great for:

- Kitchens
- Basements
- Garages
- Baths
- Workshops
- Laundry rooms

OUR CERTIFICATIONS

KCMA®
(Kitchen Cabinet Manufacturers Association)

CERTIFICATION

All of Choice Cabinet door styles are certified by the KCMA and comply with the requirements of NSI/KCMA A161.1. A cabinet that bears the KCMA certification seal is recognized in the industry as a quality product capable of withstanding a battery of rigorous testing, simulating years of typical household use.

CARB2 CERTIFICATION

Choice Cabinet is proud to be a CARB2 Certified kitchen cabinet manufacturer. Our cabinets comply with the rules and regulations of composite wood products established by the California Code of Regulations, nationally implemented by the EPA in 2016.

BRENTWOOD

Our budget-friendly Brentwood door style blends simplistic lines with a flare of dramatic color. The deep, rich espresso stain is blended with layers of black which truly enhances our classic Shaker door style. Brentwood is perfect for those seeking a classic to contemporary design at a great price.

DOOR STYLE FEATURES

- Standard overlay
- Solid wood mortis and tenon stile and rail
- Slab drawer front
- Veneered MDF center panels
- Espresso stain

SUMMIT

Sleek and bright are two words that describe our Summit door style. Our white Shaker design is the right choice for those who prefer a simplistic, classic look at a remarkable value. Without compromising quality materials and construction, the Summit door looks like it is custom-built without the high price of designer cabinetry.

DOOR STYLE FEATURES

- Standard overlay
- Solid wood mortis and tenon stile and rail
- Slab drawer front
- Painted MDF center panels
- Painted white

MIX AND MATCH

Do you want to create a dynamic visual centerpiece or divide your space without building walls? By mixing and matching our Choice Essentials® cabinetry, you can do just that. Mix a Brentwood island with Summit wall cabinets. Match a Brentwood bar with a Summit kitchen. The combinations are endless.

CHOICE ESSENTIALS® FEATURES

Each of our cabinets is hand-assembled and built from quality materials that are guaranteed to stand the test of time. Since functionality and convenience are two important aspects of kitchen cabinetry, we build our cabinets with you in mind.

6-way adjustable,
concealed hinges

13 • TOE KICK
4 1/2" high and 1/2" thick veneered plywood, unfinished toe kick

(* Temporary variance may occur in back panel construction.

1-YEAR LIMITED WARRANTY

I. Description of Warranty

This warranty applies only to the original purchaser for as long as he/she lives in his/her home, and it is not transferrable. From the date of initial purchase, Choice Cabinet offers purchaser a 1-Year Limited Warranty on all of its cabinetry. All drawers, shelves, roll out trays, and mechanical components are covered under the warranty as well. In the event that any Choice Cabinet product fails during the course of normal use, Choice Cabinet, at its discretion, will either repair or replace the defective product.

Whether the installation of the cabinetry was performed by a contractor, a Choice Cabinet authorized dealer, or you; any expenses involved in the shipping, removal, installation, or consequent damage of the defective product is not covered under this warranty. Additionally, this warranty does not apply to products installed in mobile homes or recreational vehicles.

II. Intended Use of Product

To be covered by this warranty, the product must be used only for its intended purpose(s). Cabinets that have been improperly stored, installed, misused, modified, mishandled, and/or subject to excessive moisture or extreme temperature and humidity levels are not covered under this warranty. In addition, any damage caused by smoking or environmental/chemical effects is also not covered under this warranty.

III. Anticipated Variance in Product

The Choice Cabinet warranty only applies to product defects and does not apply to properties of natural wood that are inherent in natural wood species. Anytime you have a natural wood product, occurrences such as pinholes, knots, and variances in color or grain are normal and are not covered under this warranty.

Because half of the weight of freshly cut wood is water, its natural properties are such that they can react to climate and/or humidity changes in your home. Choice Cabinet doors and face frames are manufactured from solid wood that has been carefully kiln-dried, retaining just enough moisture for proper construction and finishing. These hardwoods continue to react to their surroundings long after the manufacturing process has been completed. When wood cabinet doors are in a warm, moist environment (high humidity), the wood expands. In a dry, colder environment (low humidity), the wood will contract. Even with humidity regulation, this phenomenon can be controlled, but it can never be completely eliminated.

Door panels may also be prone to this minor expansion and contraction as seasonal temperature and humidity changes occur in your home. The contraction (shrinkage) of the center door panel during periods of low humidity may result in the appearance of an unfinished line along the edge of the center panel. Choice Cabinet does not consider the appearance of this line a defect and will not replace doors due to this situation. Touch-up markers are made available to cover this. The installation of a humidity control system is recommended to reduce the possibility of expansion and contraction in wood products.

All Choice Cabinet doors are manufactured in moisture-controlled environments under precise specifications. Although slight door warping can be common in one or two doors within a newly installed kitchen, any door that has not been through a complete heating and cooling cycle has the possibility of warping. Slight warpage can be eliminated through hinge adjustments. Any warping that continues to occur should be further examined by removing the door from the cabinet and placing it on a flat surface. Hinge spacers are available through your authorized Choice Cabinet dealer in cases where the warping cannot be eliminated through hinge adjustments. If warping cannot be eliminated through hinge adjustments or the use of hinge spacers, and if the doors have been through a complete heating and cooling cycle, and if all of the cabinets are true and plumb, then Choice Cabinet will consider replacement.

As mentioned above, normal movement in wood products is typical. In addition to issues listed above, climate conditions can cause finish breaks, recesses, joint and panel lines. An open joint line is not considered a defect and is not covered under this warranty.

1-YEAR LIMITED WARRANTY

IV. Product Repair or Replacement

Throughout the duration of the warranty period, Choice Cabinet's sole obligation is to repair or replace any defective product for no charge. This warranty only applies to cabinets and affiliated products sold by Choice Cabinet offered through an authorized Choice Cabinet dealer. In the event that a claim is filed after the original product has been discontinued or cancelled, Choice Cabinet will honor the warranty, at their discretion, subject to the availability of the product, by either:

- Repairing or replacing the defective product with a new product of the same style

OR

- Repairing or replacing the defective product with a product of equal value and complementary style in order to maintain the appearance of the original cabinetry purchase.

An exact match between the finish of the original purchased product and the replacement or repaired product is not guaranteed.

V. Rights of Consumer

There are no other warranties, disclosed or indicated, associated with this product. This document serves as a description of the consumer's definitive legal rights within the transaction and is the exclusive warranty of Choice Cabinet. The exclusion or partial limitation of contingent or substantial damages is not permissible in some states. The consumer may also have further rights from state-to-state which are not cited in this warranty.

VI. Submission of a Claim

All claims must be submitted to the authorized Choice Cabinet dealer where the cabinets were originally purchased. Claims are to be submitted in writing. Every claim must include a dated copy of the original sales receipt as a proof of purchase. Unless and until the product is specifically requested by the Choice Cabinet claims department, please do not send the defective item(s).

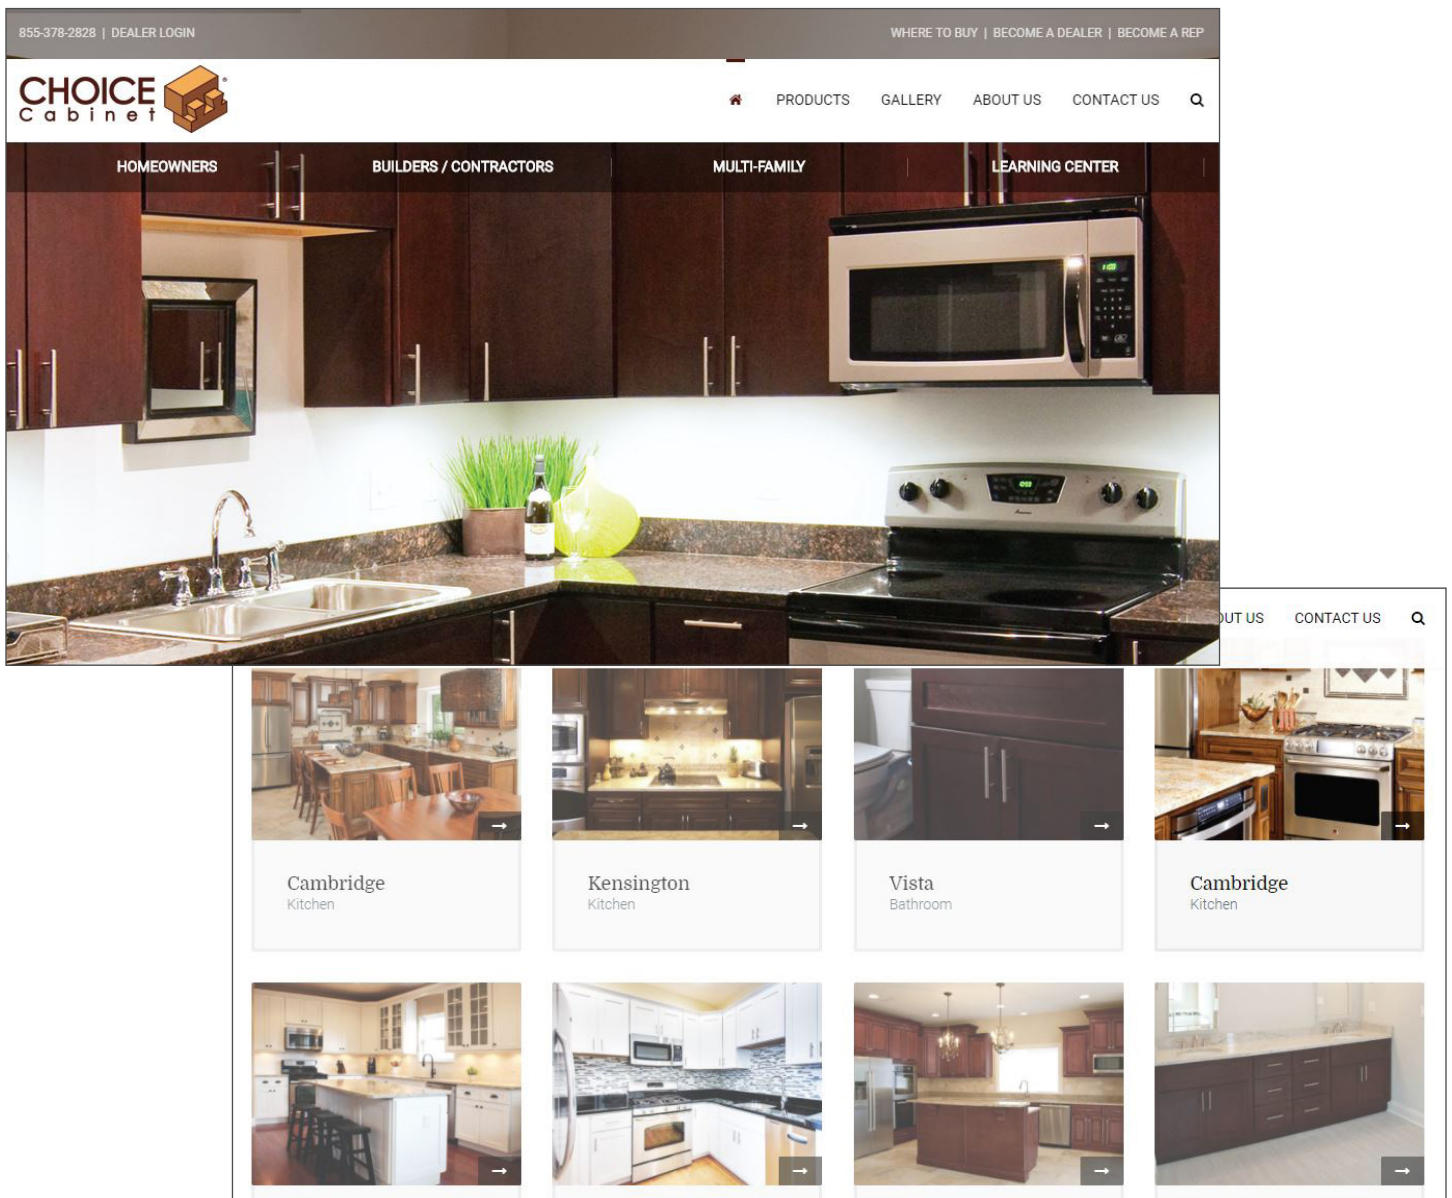

ONLINE SUPPORT

The Choice Cabinet website contains a wealth of information about our complete line of products. You will find galleries of finished projects, door styles, and accessories. Be sure to check out our Learning Center and the easy-to-use **Plan Your Space** feature.
